

Endless opportunities to live, work, invest or study in Queensland

If you are looking for business and career opportunities as well as a great lifestyle, make Queensland your destination. World class education combined with an enviable lifestyle ensures that highly skilled professionals, business people, investors and graduates want to make this state their home.

Business and Skilled Migration (BSMQ), part of Trade & Investment Queensland, values the contribution that business and skilled migrants make to the state. BSMQ provides Queensland Government nominations for business and investor, skilled and investor retirement visas.

Queensland is an inclusive, multi-cultural society with some of the best universities, education and healthcare facilities in the world. The state is located on Asia's doorstep, with international airports offering flights to the world's destinations, so you won't be far away from family and friends.

Queensland offers something for every-one: endless sunshine, opportunities for outdoor adventures, picturesque cities and regional centres as well as five of Australia's natural World Heritage areas. These include the Great Barrier Reef and the Wet Tropics of Queensland (North Queensland), the Riversleigh fossil site (North-West Queensland) as well as Fraser Island and the Gondwana Rainforests (South-East Queensland).

BSMQ offers the following visa pathways -

Skilled Migration Visas

BSMQ nominates skilled migrants in occupations that are in demand for both provisional visas and permanent residency. To apply for a skilled visa, you must have an occupation which is listed on one of the Queensland Skilled Occupation Lists.

Post graduate study options

Queensland offers international students a range of migration options. You may be considered for nomination by BSMQ if you have studied a full Masters or PhD in Queensland and have applied within two years of completion.

Business and investment visa pathways

This visa is for experienced business people or for those who are looking to invest in Queensland.

There are several types of Business and Investor Visas catering to those who want to run small businesses or those wishing to make larger investments into Queensland. There are also visas available for retired investors seeking to enjoy an excellent quality of life in Queensland.
